Professional Summary

Computer Science and Engineering student with hands-on internship experience in Python development, full-stack web development, and UI/UX design. Skilled in Python, Java, MySQL, SQLite, MongoDB, HTML, CSS, and ReactJS, with practical exposure to application development, web technologies, and user-centered design. Seeking an entry-level software development opportunity to apply programming, problem-solving, and technical skills.

Experience

UI/UX Design Intern November 2025
Accent Technosoft

- Designed user-centered interfaces and contributed to wireframes, prototypes, and final UI designs.
- Applied UI/UX design principles to improve digital product usability and user experience.

Full Stack Web Development Intern June 2024
Crescent Info Tech

- Gained hands-on experience developing modern web applications using frontend and backend technologies.
- Worked with web development concepts across the application stack.

Python Intern December 2023
Newmak Technology

- Developed Python applications and scripts as part of practical internship training.
- Strengthened programming fundamentals and application development skills using Python.

Education

Excel Engineering College Autonomous 2022 – 2026
Bachelor of Engineering (B.E.) – Computer Science and Engineering | CGPA: 8.9/10 Komarapalayam, Erode, TN

Jaisakthi Matric Higher Secondary School 2021 – 2022
Higher Secondary Education | 69% Palacode, Dharmapuri, TN

Jaisakthi Matric Higher Secondary School 2019 – 2020
Secondary School Education | 85% Palacode, Dharmapuri, TN

Projects

AI-Based Multilingual Legal Information Chatbot Python · AI · NLP

- Developed an AI-powered multilingual chatbot using Python, AI, and NLP to provide instant legal information through text and voice interactions.
- Added language translation and intent recognition to improve accessibility.

Human Mental Health Tracker ReactJS · CSS

- Developed a web application that lets users select their current feelings and receive motivational quotes, songs, or simple activities.
- Focused on creating a simple and user-friendly interface.

AI Chatbot for Anti-Drugs Artificial Intelligence

- Developed an AI-powered chatbot concept to provide information, support, and resources on drug addiction and prevention.

Skills

- **Programming Languages:** Python, Java
- **Frontend Development:** HTML, CSS, JS, ReactJS
- **Database Tools:** MySQL, SQLite, MongoDB
- **Data Visualization:** Excel, Power BI
- **Design:** UI/UX Design
- **Others:** MS Office, PowerPoint

Certifications

- MongoDB Certification Course – Learnthon
- Fundamentals of Generative AI and AI Concepts – Microsoft
- Python Advanced – GUVI
- Cloud Computing Foundation Course – Wipro FutureSkills
- Data Analytics with AI – Course Completed
